To whom it may concern

I, the undersigned, certify that Mr. Stefanos Georgiou is working with GFOSS – Open Technologies Alliance for the implementation of the EPIDOSE project, a privacy-preserving epidemic dosimeter based on contact tracing. In particular, we have a fixed contract with Mr. Georgiou, lasting from September 1st to October 31st 2020. Mr. Georgiou is contributing to the software development required for the smooth operation of the device which is produced in the context of the EPIDOSE project.

Despina Mitropoulou

Director of GFOSS
